Aerospace & Marine Department

Department Overview :

We have established a strong foothold in the Japanese aerospace market over more than 60 years, maintaining strong relationships with all major heavy industries as well as key government agencies, including the Ministry of Defense, the Japan Coast Guard, and the Civil Aviation Bureau.

Leveraging our strength in the Japanese defense and government market, we have been entrusted by world-leading companies — including Rolls-Royce, Honeywell, Safran, CAE, Austal, and Sea Machines — to represent their broad range of products in Japan. Our product portfolio ranges from aerospace and naval turbine engines, simulators, and training solutions to world-leading autonomous systems, just to name a few, and continues to evolve and expand.

In the Aerospace & Marine Department, we provide a diverse range of services to meet our customers' needs, including program development support, seamless logistics, continuous efforts to introduce product modifications and upgrades for systems in operation, as well as maintenance, repair, and overhaul (MRO) support.

To ensure the success of our foreign partners in Japan, we provide robust support to bridge business and cultural gaps between East and West, including opportunity research, strategy development, marketing and sales, business development and market entry support, intelligence provision, and distribution services.

Major Product Portfolio :

Qualification and Certification :

Shintoa has been the member of Ethixbase360 (formerly known as TRACE) to assure transparency. In addition, the Aerospace & Marine Department is JISQ9001 / 9100 certified to ensure quality service.
